

## JA95-N70 Audio Controller with RX Volume Controls - NVG

### Data Sheet

**NOW  
TSO'd !!**

### Description

The JA95-N70 audio controller is a compact, lightweight unit that incorporates the latest technology, and is compatible with the current industry standard interconnect. The unit will support 7 users: pilot, co-pilot and up to 5 passengers. By using a Windows® based application (ProCS™), configuration settings may be changed via a 3.5mm jack on the front panel. Field replaceable illuminated legends (either standard white or NVG compatible) mean that the dealer only needs to stock one version of the controller for many different mission configurations.

### Features

- Individual Receive audio volume controls
- Up to 7 users
- Field configurable settings
- Field replaceable legends
- Standard white or NVG compatible lighting
- Stuck microphone time-out
- Adjustable output and input levels
- Balanced ICS, CVR, Rx Comp. & transmit mic. outputs
- Adjustable CVR output level
- 3 Configurable audio alert messages
