

JA71-215 Seven Dzus - Single Instrument JA71-225 Seven Dzus - Dual Instrument

Data Sheet

Description

These two Dzus mount front panels are designed to accommodate either one or two standard 2 ¼ inch circular aircraft instruments. Machined from 6061T6 aluminium and finished with scratch resistant urethane paint, these plates are available in either black (FED-STD-37038) or gray (FED-STD-36321).

This adapter allows installers to quickly mount mixed avionics resulting in a uniform, professional appearance.
