

JA71-ELT5 ELT Remote Switch Mounting Plate

Data Sheet

Description

The JA71-ELT5 is a Dzus mount front panel designed to accommodate a remote ELT switch A3-06-3215. Machined from 6161T6 aluminium and finished with scratch resistant urethane paint, this plate is available in either black (FED-STD-37038) or gray (FED-STD-36231).

This adapter allows installers to quickly mount mixed avionics resulting in a uniform, professional appearance.
